

# WEEKEND PARKING AT ST BEDE'S COLLEGE

The construction of the new hockey turf at the College and persistent problems with vehicles parking in the College grounds has resulted in the Board of Proprietors introducing parking restrictions. As a consequence weekend users will no longer be able to access the College from the Main North Road. The map below shows the two entrance and exit points as well as the areas and capacity for public parking.

While the College is not obligated to provide in-ground parking for the public it has constructed a 70 berth park for users of Marist Park and will open up its staff car park and the adjoining quadrangle. This will provide another 150 parks. These changes will come into effect from Friday 04 June.

## KEY:

- Roads/Entrances
- Car Parking
- No Access/No Parking
